

Caregiver Saathi: Companions for Caregivers

About Caregiver Saathi: Companions for Caregivers

Caregiver Saathi is an endeavour to acknowledge and support Caregivers of patients with terminal illness or chronic conditions, so that together we can improve the quality of their lives, their well-being and those that they care for.

Saathi is Hindi for “companion” and we believe caregivers of terminally ill patients need a friend who understands, supports and is there for them as they walk along the difficult path of supporting their loved ones.

There are many ways in which a caregiver is challenged and often the caregiver also needs care, emotional support, understanding, easy access to information, guidance from experts and wisdom from others who have similar experiences. It is our endeavour to bring it all together and make it easy access for the caregiver.

We want to create an eco-system of well-being for those family members who are primary caregivers to their dear ones battling chronic medical conditions or terminal illness.

We partner with doctors, health practitioners, employers and well-wishers of caregivers to build a supportive community for the caregivers.

We are currently looking at the geography of Mumbai to create an impact before we expand to other cities. Over the next couple of years, we aim to energize ourselves and many more to manifest the following 4 goals:

- Reach out to at least 1000 caregivers and curate meaningful ways of creating wellbeing and healing, for them.
- Create awareness among our society regarding the role, challenge and criticality of the caregiver. To do so we wish to run workshops through health institutions and organizations.
- Create a community of caregivers and support, understand and enable each other.
- Create a digital platform that enables the community and brings together the ecosystem that a caregiver needs.

Hospital Volunteer Brief

We are looking for -- individuals who are positive, caring, sensitive, energetic, and self-disciplined. Other qualities that are important include an ability to work well with staff, a desire to learn and grow through supervision, and regular participation in educational programs.

Volunteers are required to maintain good attendance record and should be able to adhere to required hours of service each month.

Volunteer opportunities are varied and include assignments in key patient areas. Volunteers help escort patients and their family and act as couriers.

Please send application to nandita.gadgil@caregiversaathi.co.in

Tip: To attract our attention to your application a small note stating your views about Caregiver Saathi and reason to be associated with us would be helpful.
